Petition To Ban Human Cloning

To the Governor and Legislators of the State of California:

We, the undersigned, ask you to oppose human cloning. We oppose both therapeutic and reproductive cloning, which both create a human clone. The only difference between the two is that therapeutic cloning allows the creation of another human being for the purpose of destruction. We know this is a slippery slop to allowing all forms of cloning later. We ask you to represent us as lawmakers and to oppose human cloning.
